MEMORANDUM FOR THE HONORABLE WILLIAM H. WEBSTER  
Director of Central Intelligence

SUBJECT: THE PRESIDENT'S COMMISSION  
ON EXECUTIVE EXCHANGE

The President's Commission on Executive Exchange continues to attract outstanding corporate executives to the Federal government. This initiative brings men and women to Washington for one year from the private sector to work with us on the major issues facing government today.

Over the last several years, these executives have produced significant results in assignments with the top leadership of every agency. Their experience is a valuable asset to the government because of the unique perspective they bring to their assignment.

June Walker, Executive Director of the President's Commission on Executive Exchange, will contact you soon concerning the opportunity for placement of these talented executives.

The Honorable William Webster  
Director  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Mr. Webster:

It is with great pleasure that I bring to your attention a newly appointed executive to the President's Commission on Executive Exchange, Mr. John F. Betsill, Jr., a Deputy Program Manager of the General Dynamics Corporation. Mr. Betsill will be joining our program this fall and would be available for a one-year assignment to the Central Intelligence Agency, should you have a challenging position which could utilize his aerospace engineering and project management expertise.

Since 1979 Mr. Betsill has served as Project Engineer for Airframe Systems Engineering, Assistant Project Engineer for Advanced Derivatives in the F-16 Model Improvements and International Group, and in several other responsible positions at General Dynamics. He has also served in both civilian and military positions in the U.S. Air Force. (See biographical information attached.)

I firmly believe that this candidate could be a great asset to your agency and look forward to discussing his credentials further with you in the next few days.

Cordially,
